CMS & Mobile: WordPress, Ionic
Integrations: Razorpay, ICICI Bank payment gateway, Gallabox (WhatsApp), MSG91

PROFESSIONAL EXPERIENCE

Full Stack Developer | Bleap Digital Marketing Agency *Mar 2023 – Present*

- Engineered and maintained **5+ full-stack web applications** using **Laravel, React and Next.js**, shipping new features and improving maintainability.
- Enhanced **ERP4Dentist**, a dental clinic management system covering patient registration, appointments, records and admin modules, used by **approximately 10 users**.
- Led the development and modernization of **ERP4Dentist**, migrating the application from **Laravel to Next.js** and deploying it on AWS, resulting in a **60% improvement in application speed** and a faster, more responsive user experience.
- Automated **CI/CD pipelines** with **GitHub Actions, Docker and Nginx on AWS EC2**, cutting deployment time from **about 2 hours to 10 minutes**.
- Designed **20+ REST APIs with JWT authentication** to secure user access.
- Managed production support for **20+ websites and 3 live applications**, **reducing production issues by around 30%**.

Application Developer | Madbee Mobility Solutions *Feb 2022 – Mar 2023*

- Implemented **REST APIs** in PHP Laravel with MySQL (InnoDB) for a product **serving 500+ users**.
- Developed responsive, cross-browser interfaces using HTML, CSS, JavaScript and Slim.
- Collaborated directly with **2 clients** to gather requirements and plan features.

Web Developer | Digital Factory *May 2020 – Jan 2022*

- Launched **8 WordPress websites** using Elementor plus **1 custom PHP web application**.
- Expanded an Angular-based Ionic mobile application with new features.
- Launched **1 hybrid mobile application** using Ionic.

Web Developer | AAHA Solutions *Apr 2019 – May 2020*

- Delivered **50+ APIs** for Restax, a school application, and its Android app.
- Managed the Angular web application and added **10+ new modules**.

PHP Developer | SK Software *Mar 2018 – Apr 2019*

- Developed and maintained **6 client websites** using PHP and MySQL.
- Implemented client-requested layouts and features, and contributed to an Android application.
